**BENEFITS:** Alleviates Depression, promoting feelings of strength, courage, and protection. Uplift also supports energy alignment.

**INDICATIONS:** Depression can be paralyzing, both mentally and physically. It diminishes our vitality, joy and mental clarity. Depression can also make it challenging to heal and grow as our thoughts are integrally connected with our health and well-being.

Uplift was specifically formulated with oils that assist in building courage, confidence, self-esteem and returning a sense of calm, joy and peace to our lives. It inspires hope in those who have temporarily lost their optimism and helps users to overcome their fear and reclaim their potential. It can also align the physical, mental and emotional energies of the body when applied to shoulders and/and feet.
