# Purification™

— SYMPTOM SUPPORT —

**BENEFITS:** Can neutralize mildew, mold, fungus, airborne bacteria and viruses when diffused into a room.

#### INDICATIONS:

Purification can assist in eliminating fungus, viral, bacterial and infectious problems. It is beneficial in neutralizing poison from insect bites, spiders, bees, hornets, and wasps, repels bugs and mice.

It may also assist in treating wounds and cuts, poor circulation, nervous exhaustion, respiratory conditions, regenerating connective tissue and aiding skin to heal.

## Application

**HOW TO USE:** Apply 2 -3 drops to infected areas of the body. Diffuse when illness is in the home, cycle 1 hour on 2 hours off.

**WHEN TO USE:** To aid with mildew, mold, fungus, airborne bacteria diffuse throughout the day.

**INGREDIENTS:** Vibrant Blue Oils Symptom Support Purification blend contains a proprietary formulation of Lemongrass, Rosemary, Tea Tree, Lavender, Myrtle, Citronella in a base of fractionated coconut oil.

#### PRODUCT TIPS:

- To neutralize odors like cigarette smoke from clothing - hang in bathroom and spray with approximately 15 drops of oil in a 4-ounce spray bottle with water. Let hang overnight.
- When diffused it in a freshly painted room it has been known to eliminate paint fumes.

Proprietary symptom support blends are formulated to support and relieve discomfort and painful symptoms while the underlying concerns are being addressed.
