Pancreas™
— BODY BALANCE —

BENEFITS: Balances the pancreas against overload and fatigue to support optimal function.

INDICATIONS:

Located deep in the abdomen between the stomach and the spine, the pancreas performs important digestive and hormonal functions. It secretes digestive enzymes that help break down and digest proteins, fats and carbohydrates in the small intestines as well as the hormones insulin and glucagon which work together to regulate the proper level of sugar (glucose) in the blood to be used by the body for energy.

Due to the widespread consumption of refined carbohydrates and lack of enzyme-rich raw foods, pancreatic overload is rampant. Stress and the consumption of excess sugars or carbohydrates can force the pancreas to constantly release insulin, leading to:

- Fatigue or Energy Dips during the day
- Weight Gain
- Sugar and Caffeine cravings
- Digestive distress from low digestive enzyme levels
- Hormone Imbalances
- Poor Sleep Quality
- Brain Fog

HOW TO USE: Apply 2- 3 drops to the pancreas (left side of the body two-thirds of the way up from the belly button towards the ribs).

WHEN TO USE: To aid with blood sugar balance and digestion, apply before meals. To aid with blood sugar related night waking, put a few drops on a cotton ball placed inside or near the pillow case.
