Large Intestine™

— EMOTION BALANCE —

BENEFITS: Assists in releasing past hurts and stuck or hidden negative emotions. Adds balance and control, helping us move through transitions or changes in life course.

INDICATIONS:

The large intestine lets go of things that don't serve us. Physically, it lets go of waste after our upper digestive system has taken all the necessary nutrients out of the food we eat. Emotionally, it allows us to let go of patterns of negative thinking, destructive emotions, and spiritual blockages that prevent us from being our best.

Compromised large intestine energy presents as having a hard time moving on from difficult situations, or holding onto emotions that harm or fail to serve us. This holding on can manifest as an unwillingness to share emotions or be open with others – the phenomenon of “bottling up” emotions for years very often leads to chronic constipation.

Vibrant Blue Oils Emotion Support Large Intestine blend eases the feelings of loss, heals emotions, creates a feeling of security, and is grounding. It motivates us to move forward, assists with transitions or changing course in life, eases the feelings of loss, heals emotions, creates a feeling of security, and is grounding.

AFFIRMATION: I release myself from any patterns that no longer serve me and welcome positive new changes into my life.

Application:

HOW TO USE: Apply 2- 3 drops over the large intestine, around the ears or on the bottom of the feet.

WHEN TO USE: To assist when emotionally stuck, apply 2- 3 times daily or as needed.

INGREDIENTS:

Vibrant Blue Oils Emotion Balance Large Intestine blend contains Ylang Ylang, Cedarwood, Frankincense, Elemi, Cinnamon Bark, Cypress, Sandalwood, Helichrysum, Myrtle, Hyssop, Myrrh, Peppermint, Rose in a base of fractionated coconut oil.

PRODUCT TIPS:

- Assist in adding balance and control to our lives.
- Motivate us to move forward assisting with transitions or changing course in life.
- Ease the feelings of loss.

Emotion Balance blends are designed to acknowledge and release underlying emotions that can impede healing.
